Learn How to Speak Mandarin Chinese

The first step is to grasp the useful basic knowledge of pronunciation. It includes: First, pronouncing the consonants and the vowels correctly, which is the basis for learning Mandarin Chinese well. Second, reading common words, this is a shortcut to learn Mandarin well. In modern Chinese, there are 2500 commonly used characters and 1000 sub-commonly used characters, their use frequency accounts 99.48% among all Chinese characters, so we can basically achieve the standard pronunciation and recitation of the demand in Mandarin as long as we grasp the standard pronunciation of the commonly used characters and the sub-commonly used characters.

The second step is to know the differences between local dialect and Mandarin. First, we should grasp the standard pronunciation of the commonly used characters and the sub-commonly used characters, and then "environmental memorize" the words easy to be read wrong in the detailed language environment. Through reading and memorizing some famous works of ancient and modern, Chinese and foreign, can effectively help the learners to remember the standard pronunciation of these words for a long time, and can also improve the cultivation in other aspects. At the same time, we should frequently listen to the radio, tape, watch TV and listen to the conversations between the native speakers. Using these "modernization" methods to create a special small environment for yourself to learn Mandarin, and constantly revise our irregular pronunciation.

The third step is to practice more and speak more. More practice and more
